

Our Mission ...

To support children's education from grade school through high school and beyond!

Our Vision ...

To lessen poverty through education.

Our Belief ...

Education is the key to unlock all doors. Making a difference in a child's life will impact generations. When a child is educated the community benefits. Through education students have the opportunity to reach for their dreams!

Children are our future, Education is theirs

Chelem is a small fishing village in the state of Yucatan, Mexico, with a population of 5,200 residents. Public school is free in Mexico; however, the required supplies and uniforms are not affordable for many families, especially if there is more than one child. Sadly, most children only complete the 6th grade.

Chelem Puerto Apoyo Escolar was created to meet the needs of these students by providing the supplies and uniforms they need to attend. This program matches people who want to help these children with a child in need.

Education + Children = Success

Painting by Primeria School Children

How the Program Works

The program starts at 4th grade and continues through high school and beyond. We develop a list of students that qualify for the program by meeting with teachers and directors of the local schools. We then interview the parents to determine eligibility and to ensure that they are willing participants and committed to their child's education. Each child admitted to the program has a family profile available and they are photographed. They are then available for sponsorship. We currently have children from 5 different schools in our program.

The sponsor fills out the required form and is then matched to a child that needs a sponsor. Once the sponsor has a student they are periodically provided with program updates so they can follow their student's progress.

How You Can Help

Once you become a sponsor, we hope that you will commit through high school and beyond. The program estimates the annual costs to be:

- \$2,100 MXD to sponsor through grade 6
- \$2,800 MXD to sponsor grades 7-9
- \$3,900 MXD to sponsor grades 10-12

These amounts purchase a backpack, school supplies, and uniforms (3 shirts, 2 skirts/pants, and a new pair of shoes).

To keep receiving the support, students must:

- ✓ Maintain a grade point average of 80%.
- ✓ Bring a list of supplies required by the school.
- ✓ Write a thank you note to their sponsor.
- ✓ Come to the school supply distribution meeting in their uniforms for a picture.

If you can't sponsor a child at this time we would be pleased to accept donations for transportation, glasses, extra uniforms, or new shoes.

Through the program, you can change a child's life and give them a better future.

**We are one world & together
we can make a difference!**
